**4-STROKE**

**POWXG50200**

# BRUSH CUTTER 31cc

The petrol POWXG50200 of Powerplus is a 2 in 1 device: the 4-stroke brush cutter deals with wild grasses and shrubs, but takes just as well care of orderly side edges. So you dispose of a grass trimmer too and don't have to buy it separately. With a 31cc cylinder capacity and a 450mm (trimmer) and 255mm (cutter) cutting width, you have enough capacity to seize on these tasks.

Thanks to its 4-stroke motor, the brush cutter has a much longer lifetime than a 2-stroke equivalent and is environmentally friendly, because no oil gets mixed with petrol. The noise level and the vibrations are lower too, what makes the POWXG50200 a comfortable tool.

On top of that the brush cutter/grass trimmer is easy to hold and work with thanks to its a carrying belt and a bike handle. Add an easy start to its advantages to get you going quickly. The double thread with tap and go thread lengthening system has a diameter of 2,5mm and a length of 5m. Simply tap the head on the ground and a new length of line is released. The safety guard takes care of your safety.

Comes with a spark plug wrench.

TECHNICAL SPECIFICATIONS POWXG50200		Features	Box content	Symbols
Engine stroke type	4 stroke	<ul style="list-style-type: none"> <li>• Light &amp; compact</li> <li>• Easy start engine</li> <li>• Automatic choke</li> <li>• TAP &amp; GO thread lengthening type</li> <li>• Fuel level indicator</li> <li>• Bike handle</li> </ul>	1x brush cutter
