SILENT SHREDDER 2800W

This silent shredder has a powerful 2800W induction motor and can shred twigs and branches up to a diameter of 45mm. The drum gear cutting system, which runs at only 46min⁻¹, guarantees a silent operation. The wood is powerfully reduced into small pieces and collected in a large 50 litre container.

The collection box with locking handle offers you a maximum of security. In addition, the shredder has a reverse switch and overload protection, allowing to easily bring back a stuck branch.
